

An introduction to the ULI in the UK

ULI globally

- The Urban Land Institute is one of the world's most respected and diverse organisations in the field of development, land use and urban planning.
- ULI's mission is to provide leadership in the responsible use of land and in creating and sustaining thriving communities worldwide. Members share a commitment to exchanging ideas and experiences, to learning best practices from each other and to working together to create thriving communities worldwide.
- ULI provides unique ways for members to give back and engage for the benefit of business, industry and the wider community.
- ULI is active across the globe with 30,000 members participating, representing every profession in the built environment.

ULI in the UK

- National Councils are ULI's country networks which organise local events and activities. In Europe, there are 14 National Councils that bring together a variety of public and private sector stakeholders in both the commercial and residential fields to find solutions and build consensus around land use and development challenges.
- ULI UK is the largest National Council in Europe with over 700 multi-disciplinary members.
- ULI UK is led by an Executive Committee of senior industry figures who volunteer their time to deliver the events and programming specific to the UK. Its Chairman is Andy Martin of Strutt and Parker.

ULI UK Member Benefits

ULI membership is global and you can access the benefits of membership anywhere in the world. In the UK we also offer:

- A high quality and diverse range of activities throughout the year drawing on and sharing global best practice. Outputs include: presentations, panel discussions, conferences, site/project tours, international study tours, policy lunches, publications, research, practical tools for industry professionals and community outreach programmes designed to overcome economic challenges and promote sustainability.
- A Young Leaders Committee that focuses on programming for under 35s.
- A Mentoring initiative.
- A Midlands Committee focussed on local programming.
- UK Product Councils aimed at professionals with interests in a particular sector of the market:
 - Residential Council.
 - Sustainability Council.
 - Infrastructure Council.
- Two forums for those in the capital markets and development sectors.
