Living Concepts Council

What is the Living Concepts Council?

Following successful forums and roundtables, ULI Europe has formally launched its latest Product Council focused on new concepts developing in the living sector – ULI Europe Living Concepts Product Council. Typologies within the BTR, student, senior and co-living sub-sectors are evolving and new concepts may arise; reflecting urbanism, growing needs, our changing demographics and the way we live.

The Living Concepts Product Council will explore opportunities and challenges related to the investment, development, regulation and operations of these evolving concepts in Europe; along with the roles of ESG and Technology.

WHAT IS A PRODUCT COUNCIL?

- Topic-specific forums* Sector or topic specific forums where industry leaders meet, exchange ideas, share best practices and foster thought leadership in their specific sector of the real estate market.
- International, senior, multi-disciplinary membership* Consisting of a genuinely international and multi-disciplinary membership, the Councils provide a unique platform to learn from peers in the same sector who are operating in different geographical markets, as well as help shape the future of pan-European real estate.
- Topical, provocative and future thinking* Feedback from members tells us that these meetings add value by facilitating a rich, open dialogue for industry leaders which is topical, provocative and future thinking. They aim to take down professional barriers to allow a free exchange of ideas and experience, and help careers by enabling members to steer their ideas and develop true friendships over time across a range of professions.
- When do the Councils meet and where?* Membership of each Council is capped at a maximum of 50 people to ensure the quality of personal interaction between participants. The Councils meet in person twice a year, once in February to coincide with the ULI Europe Conference and in the second half of the year. Councils are now also holding up to four virtual meetings a year.

MESSAGES FROM ULI LEADERS

“Product Councils allow for informal and direct interactions with senior business leaders from different nationalities and backgrounds on your sector of interest.”

Am I eligible to join?

To join a Product Council, you need to be a full member of ULI. If your membership is through a corporate package with your company, we are happy to check if you can be added to the company's roster.

How do I join?

There is a short approval process, with approval by the chair. In the first instance please send a short bio or CV with your Council preference to Louisa Batts, Louisa.Batts@uli.org.

Costs

The annual fee for membership of a Product Council is €399.

The Product Councils

ULI Europe currently has nine Product Councils, each focusing on a specific sector of the real estate industry.

HOSPITALITY COUNCIL

The Hospitality Council brings together leaders from across the spectrum of developers, investors and operators to discuss the issues and opportunities faced by our sector. The Council shares its experiences across Europe, but also looks further afield to learn lessons and gain insights from the global tourism and leisure markets.

LIFE SCIENCE & HEALTHCARE COUNCIL

The Councils mission is to provide a space for life science & healthcare property leadership to engage in industry wide challenges, share local and global best practices and provide a voice to the industry in the wider property & local community context. The Council has a particular interest in educating the wider market about its industry, but also to engage in issues that are common to the public and private sectors and to both for-profit and not-for-profit property operators, developers, financial investors and strategic owners.

LOGISTICS COUNCIL

The Logistics Council's core mission is to share and explore best practices and innovative solutions for Logistics in European real estate. The Council aims to facilitate discussions and produce research across a wide range of topics, including sustainability, innovation, technology, automation and access to land, providing valuable insights through a shared knowledge and experience.

OFFICE AND MIXED-USE COUNCIL

The Office and Mixed-Use Council looks to keep its members at the forefront of this changing world by sharing lessons from cities across Europe as well as bringing industry leaders together to examine all aspects of investment, financing, development, architecture and sustainability.

RESIDENTIAL COUNCIL

The Residential Council's mission is to share best practices, lessons learned and innovative solutions from a diverse group passionate about the creation, expansion and retention of high quality housing that is affordable for all and fits their living needs in our European cities as a key success factor for vibrant, dynamic and economically successful cities.

RETAIL AND ENTERTAINMENT COUNCIL

Set against a backdrop of global retail and entertainment brands, the Council's membership and content programme reflects the fact that the sector transcends geographical boundaries. As well as examining best practice in Europe, the Council draws ideas from both established and emerging markets to provide members with a clear insight of the market.

SUSTAINABILITY COUNCIL

The Council examines a wide range of issues from investigating new ways to measure the environmental performance or the social contribution made by individual buildings, through to the longer term planning considerations of European cities to ensure they are both successful and sustainable.

TECHNOLOGY AND REAL ESTATE COUNCIL

The ULI Europe Technology and Real Estate Council will focus on exploring how technology and innovation in real estate and urban development can enhance customer experience and quality of life.

URBAN REGENERATION COUNCIL

ULI Europe's Urban Regeneration Council fosters stronger interaction between city governments, real estate developers, practitioners and major institutional investors. It looks to share ideas and experiences from around the world to help provide insights into best practice in city development and urban regeneration.
