Office and Mixed-Use Council

What is the Office and Mixed-Use Council?

Advances in technology and a constantly evolving business world have transformed the way we live and work in our cities. Our cities have moved from having distinct business, residential and leisure districts into developing sustainable mixed-use communities which coherently combine all of these key elements. The result is a change in what we need from our buildings. Offices have changed in terms of their overall size, floor plate and use of technology and are constantly evolving to meet the requirements of a 21st century global economy.

The Office and Mixed-Use Council looks to keep its members at the forefront of this changing world by sharing lessons from cities across Europe as well as bringing leading industry leaders together to examine all aspects of investment, financing, development, architecture and sustainability.

WHAT IS A PRODUCT COUNCIL?

<i>Topic-specific forums</i>	Sector or topic specific forums where industry leaders meet, exchange ideas, share best practices and foster thought leadership in their specific sector of the real estate market.
<i>International, senior, multi-disciplinary membership</i>	Consisting of a genuinely international and multi-disciplinary membership, the Councils provide a unique platform to learn from peers in the same sector who are operating in different geographical markets, as well as help shape the future of pan-European real estate.
<i>Topical, provocative and future thinking</i>	Feedback from members tells us that these meetings add value by facilitating a rich, open dialogue for industry leaders which is topical, provocative and future thinking. They aim to take down professional barriers to allow a free exchange of ideas and experience, and help careers by enabling members to steer their ideas and develop true friendships over time across a range of professions.
<i>When do the Councils meet and where?</i>	Membership of each Council is capped at a maximum of 50 people to ensure the quality of personal interaction between participants. The Councils meet in person twice a year, once in February to coincide with the ULI Europe Conference and in the second half of the year. Councils are now also holding up to four virtual meetings a year.
