ULI EUROPE YOUNG LEADERS AUTUMN STUDY TOUR

To: Young Leader Chairs, Young Leader Executive Committee Members and Young Leader Members

ULI is inviting bids from our local Young Leader teams to host next year’s Autumn Study Tour. Bids should be a maximum of two pages, plus a letter of support from your National Council Chair/ Executive Committee. Bids will be judged by members of the ULI Europe Executive Committee – we have included some questions below to help you cover the criteria they will be looking for.

Deadline for bids: All proposals must be submitted online by Wednesday, 19 January 2022.

CONTEXT:

Traditionally ULI’s Young Leader members have designed and delivered an annual Real Estate Autumn Study Tour, in collaboration with ULI Europe. The model is usually a two-day study programme, where Young Leaders organise exclusive study tours, sharing international perspectives and a high-level syllabus of key topics relevant to the current and future state of the real estate industry.

ULI would like to hear your ideas for hosting the YL Autumn Study Tour 2022. Can you work with an academic partner or a business school to provide a top-class academic syllabus, showcasing the latest innovative real estate developments that members across Europe want to see and explore?

Tell us what your ideal Autumn Study Tour would look like. We encourage you to put forward your ideas of how you would host the two-day event, what you want the participants to learn and which innovation developments they should be seeing.

Benefits of hosting a ULI Autumn Study Tour:

- Showcase innovative real estate projects taking place in your city, to an international real estate community
- Hosting the Autumn Study Tour can contribute to the growth in membership of your local council
- Build and/or leveraging existing partnerships in the real estate academic sector locally for long term ULI activities
- Exposure to senior industry professionals
- An opportunity to continue professional development
- Provides a unique forum to network with peers from across Europe
- Raising awareness of the ULI Young Leaders programme locally and strengthen the network internationally

ULI will work in partnership with the local and European Young Leader team to deliver event set up, marketing, administrative and financial elements. Your bid should focus on:
• Working with and securing a local academic partner/business school to support you in developing and running the programme for the Autumn Study Tour.
• Create a financial model which outlines the potential revenue (sponsorship and registration) versus costs. The event should aim to break-even, but if the event was to make a profit, think about how that might benefit the Young Leader programme in your country and Europe and include that in your bid.
• The capacity to manage the local event logistics - with support from ULI.

GUIDELINES:

We want to hear your thoughts and appreciate you have busy schedules, so here are some questions and tips to get you started and help with drafting your proposal.

We look forward to hearing from you.

Questions:

1. Why do you want to host the Autumn Study Tour 2022?
2. What developments/projects are taking place in your local market that could serve as a real estate case study for the programme?
3. What's the take-home value for members attending the event?
4. Is there an academic partner/Business School you would be able to partner with for the Autumn Study Tour?
5. Tell us about your proposed Autumn Study Tour programme, including masterclasses, theme, topics, site tours and format
6. What is the best financial model to deliver an Autumn Study Tour in your city, including potential in-kind and monetary sponsors?
7. Who would lead on the event logistics and is there a local team to give you support?
8. What content could be generated from the Autumn Study Tour to share with ULI members internationally?

TIPS:

Remember to engage your National Council Chair and Executive Committee, they can help with speakers, venues or possible sponsors.

Remember the ULI objectives when drafting your proposal to ensure the Autumn Study Tour can fit with these parameters.

ULI Objectives:

1. Awareness of ULI Europe and Young Leaders Programme
2. Advanced learning: providing Young Leaders with a practical, real-life experience that will help to develop their careers and strengthen their skills
3. Member Engagement (Membership Growth & Retention)
4. Member value (Membership benefits and value)
The above priorities are critical to the future of our communities and our industry, and they provide us with a framework that creates organizational alignment globally. Are there any links in your proposed programme to the ULI Mission Priorities?

When thinking about the budget involved think about:

- See an example below of what should be included in a budget of direct costs.
- A budget template is attached with full instructions.
- Don’t forget to include your potential revenue in your budget.

The event must at least break-even however preferably make a profit to support the Young Leader programme locally.
