

Coming up in ULI Belgium

Annual Theme: Competitive Cities

ULI Belgium Events

Through its activities, ULI Belgium aims to:

- Reinforce its role in **urban planning** discussions given the challenges facing our towns and cities in a constantly changing environment.
- Promote professional **exchanges** between (private and public) real-estate players in Belgium and increase their awareness of best practices.
- Create a common **forum** for discussion, exchanges and trust.
- Serve as a catalyst / **ideas laboratory** for important issues.

ULI Belgium activities include:

- Small, specialised **round tables** in presence of highly skilled professionals.
- Guided tours of towns and cities, focusing on their emblematic projects, arranged by local **public authorities**.
- Workshops linked to urban development and the **competitiveness of towns and cities**.
- Events to provide opportunities for members to **meet one another**.
- Participation in **high-quality international colloquiums** and conferences.
